

Creation Studio

Corcel Reeves (1901361)

Tutor: Ms. Christine Anuli

Date and Time: Tuesday @11am

Module Name: Web Programming

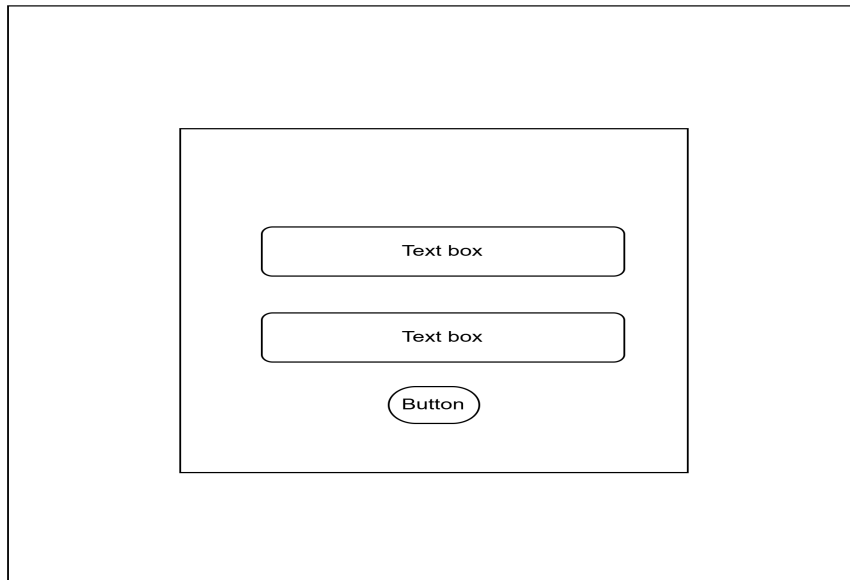

Module Code: CIT2011

School of Computing and Information Technology

University of Technology, Jamaica

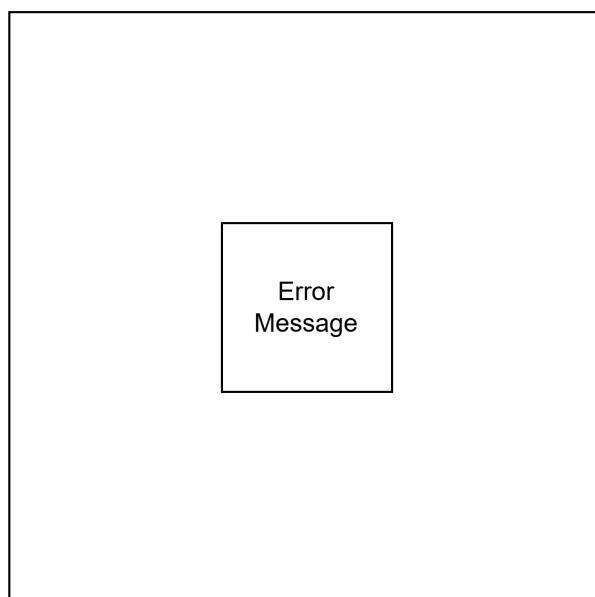

Wireframe

- **Login Page:** This page includes the fields for username,password and a small checkbox to remember the user.

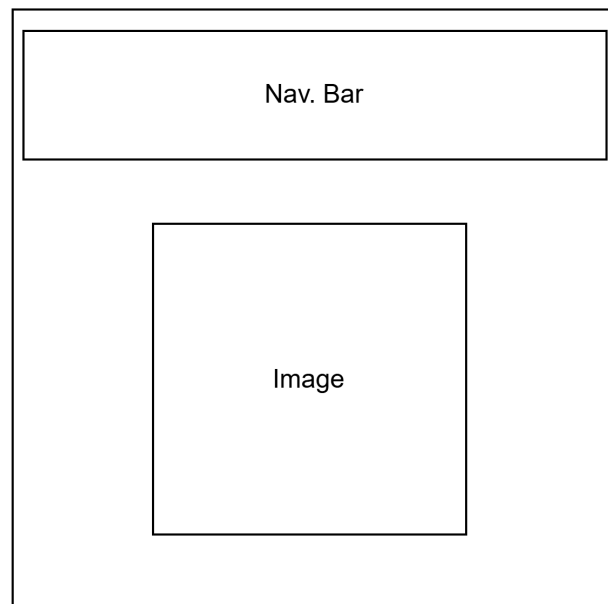

A wireframe diagram of a login page. It consists of a large outer rectangle representing the page. Inside this rectangle is a smaller, centered rectangle representing the login form. Within the form rectangle, there are two stacked rounded rectangular boxes, each labeled "Text box", representing input fields for username and password. Below these two boxes is a single rounded rectangular box labeled "Button", representing the login button.

- **Error page:** A simple page with a message like "Access Denied" and a link used to redirect users to the login page.

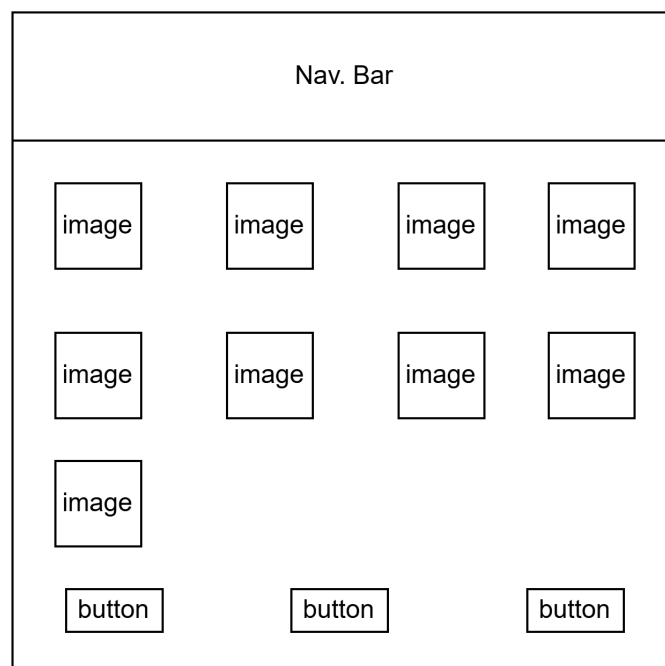

A wireframe diagram of an error page. It consists of a large outer rectangle representing the page. In the center of this rectangle is a smaller rectangle labeled "Error Message", representing the area where the error text and a redirect link would be displayed.

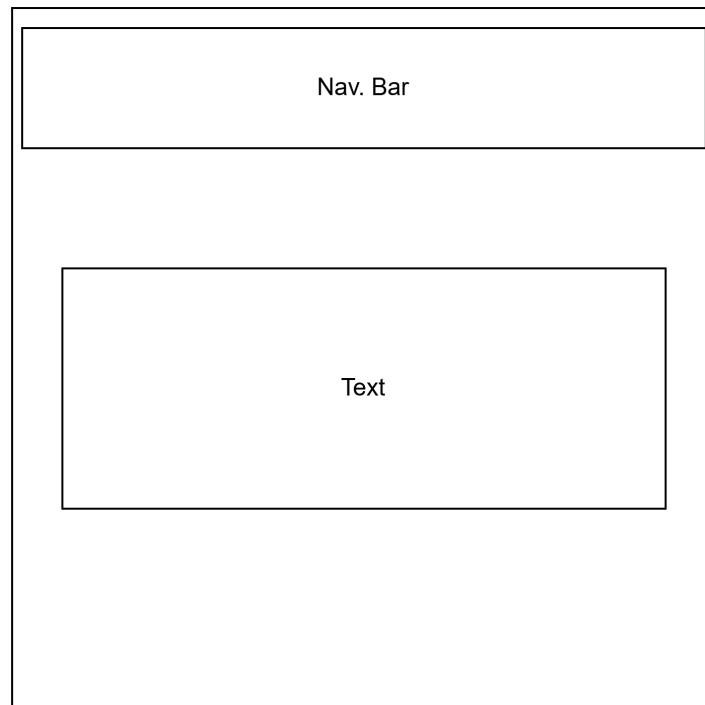

- **Homepage:** This page shows the navigation bar and the slogan above an image.

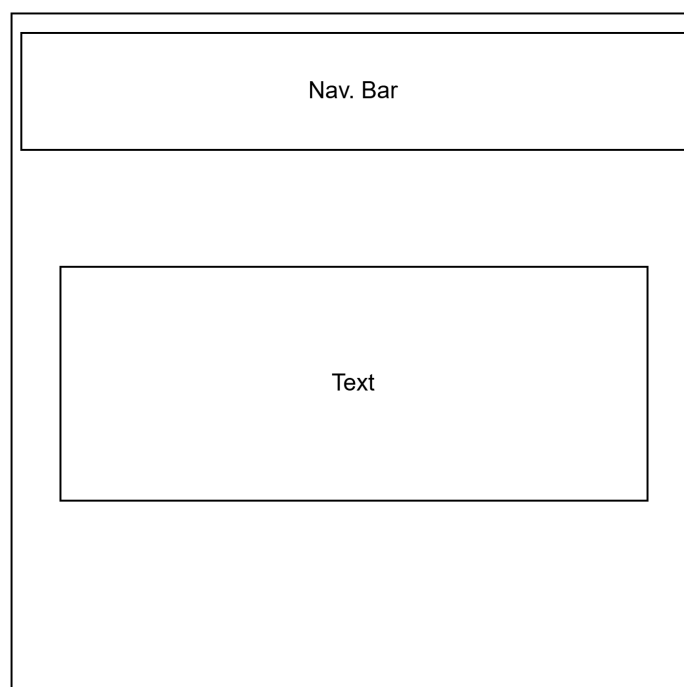

- **Shop page:** It shows the navigation bar as well as the images, names of the available products and the Checkout, Cancel and exit buttons.

- **About Us page:** This page gives a brief welcome to users and mentions some of the products that we offer. It also has my contact information as well.

- **Invoice page:** This page shows a detailed breakdown of the products selected by the user and calculates the full amount the user will pay.

Business Description:

Creation Studio is an online store dedicated to providing high-quality musical equipment for musicians, producers, and music enthusiasts. From professional audio interfaces and instruments to essential accessories, we offer a carefully curated selection of products that cater to all levels of musical expertise. Our goal is to empower artists with the tools they need to create, perform, and share their passion for music.

Slogan:

“WHERE WORDS FAIL, MUSIC SPEAKS”

Mission Statement:

At Creation Studio, our mission is to inspire and equip musicians by offering top-tier musical instruments and accessories at competitive prices. We are committed to delivering exceptional customer service, ensuring that every artist, whether a beginner or a professional, finds the perfect tools to bring their music to life.

Vision Statement:

Our vision is to become the leading online destination for musicians and music creators worldwide. We aim to build a community where artists can find not just equipment, but also inspiration, guidance, and support to fuel their creative journeys.

Intended Audience:

- **Musicians** – From beginners to professionals looking for high-quality instruments and gear.
- **Music Producers** – Those in need of reliable studio equipment and accessories.
- **Live Performers & DJs** – Seeking professional sound systems, microphones, and performance tools.
- **Music Educators & Students** – Aspiring artists and educators in need of affordable, high-quality musical equipment.
- **Music Enthusiasts** – Individuals passionate about music who appreciate premium sound and gear.
